**I. TYPE OF MODIFICATION**

**Modification 1 Minor Modification**

**II. SCOPE OF THE GENERAL PERMIT**

**A. SIC Codes**

Permittees authorized to discharge during the previous permit cycle were classified under the following SIC codes:

1623 Water, Sewer, Pipeline, and Communications and Power Line Construction  
1629 Heavy Construction, Not Elsewhere Classified  
1799 Special Trade Contractors, Not Elsewhere Classified  
4610 Pipe Lines (No Natural Gas)  
4619 Pipelines, Not Elsewhere Classified  
4922 Natural Gas Transmission

This permit may cover discharges from permit applicants classified under additional SIC codes, as determined appropriate by the division.

**B. Modification #1**

The division initiated this minor modification to correct a typographical error related to the Integrated Compliance Information System (ICIS) code for dissolved iron in the numeric effluent limitations and monitoring requirements tables, B.2.a and B.2.c.
